

## PRESS RELEASE no. 28

### BP NOTE prepared a surprise for the crews at Barum Czech Rally Zlín

It has been a year since the specialized pad BP NOTE for co-drivers was introduced right here in Zlín. For the prototyped testing six co-drivers were chosen to test this pad during the strenuous three-day rally and to give a feedback for the developers in order to tune up its final version.

Last year's testing exceed all expectations and such positive response led to even more noticeable link between BP NOTE and Barum Czech Rally Zlín.

**“Last year's testing project of BP NOTE has gained favorable responses from the co-drivers. From all the co-drivers, among them there were for example Martina Šlehoferová or Veronika Havelková, we received excellent feedback which helped us to create the best possible pad for rally co-drivers,”** said Jiří Švec, BP NOTE representative.

**“For this year's edition of Barum Rally we wanted to come back and introduced to the co-drivers the final version of BP NOTE. The organizers agreed to give every crew one copy of BP NOTE which they received on Tuesday along with the itinerary,”** said Jiří Švec and continues: **“Barum Czech Rally Zlín is the most prestigious competition in the Czech Republic and the most popular and best rated event in FIA ERC. Based on the positive responses we hope that the new version of BP NOTE will gain even more satisfied co-drivers.**

**“We gladly agreed to continue our cooperation with BP NOTE and after last year's testing they prepared a surprise for all the crews. Everyone from almost 140 crews received one BP NOTE for free. It is always good to see the crews' reaction on receiving something unexpected, it helps to increase comfort on rally,”** said on behalf of the organizers Petr Linhart.
