Vančík Motorsport made a donation to the local kindergarten

Rally team Vančík Motorsport made a donation to the local kindergarten, which focuses on children with special needs. Kindergarten representatives Zdeňka Štiková and Petra Siuda accepted the cheque for 10 000 CZK on the starting ramp right before the start of the 48th Barum Czech Rally Zlín.

Vančík Motorsport is also preparing engines for other cars category R5 from various manufacturers. This year they are working with the crew Miroslav Jakeš - Petr Machů (Škoda Fabie R5) and cooperated with the duo Martin Březík and Mark Omelka (Škoda Fabie R5). During the Miroslav Jakeš's ceremonial start, Jaroslav Vančík together with his team handed over the cheque.

This is the only kindergarten in Zlín, which provides care for children with special needs. The building itself has different requirements to fulfill their needs. The kindergarten in Mostní Street provides comprehensive care for children with special educational needs through subjects of special pedagogical care and individual re-educational and compensatory activities.

An important part of their work is compensation and re-education for visually impaired children in preschool age and their preparation for elementary school and integration into everyday life.
