

PRESS RELEASE no. 36

Be in touch with Barum Rally with application RALLY4NOW!

Do you want to enjoy Barum Czech Rally Zlín even more? So have all the latest information directly on your mobile phone. Because on Barum Czech Rally Zlín the free application [RALLY4NOW](#) works too.

Not only do you see the current and overall results immediately and have the hot news from competing teams. [RALLY4NOW](#) can safely navigate you to the spectators' areas of your choice, thus you can easily avoid all closed roads due to Barum Rally. And that can be done easily and quickly. Download the application for free from App Store or Google play. [RALLY4NOW](#) works on mobile phones with [iOS system](#) and [Android](#) and requires internet connection.

What does the free application RALLY4NOW do?

• Calendar

You immediately see all scheduled rally events - the upcoming and the past ones within the Czech, Slovakian, Polish and Hungarian Rally Championship. ERC and WRC competitions are there too.

• Guide

It contains photos and descriptions of spectators' areas with date and time of a particular stage. So in advance you can pick the best place to watch Barum Rally.

• Map

Application contains detailed maps of special stages and designated spectators' areas and service. Attention! A free navigation WAZE can get you to any point and it takes into account current traffic.

• Results

At any time you can have the latest results not only from Barum Rally but the past monitored championships as well.

• Info

The latest information from the ongoing race (changes in the time schedule/cancelled special stages/information about the crews...)

• Chart

Graphical comparison of the chosen crews. Synoptic comparison of times on particular special stages.

• Crews

All available information about the chosen crew (results/info about the course...).

• Current standings

Current standings at a particular championship.

• Media

Professionally shot videos and on boards from various competitions are available for you.
