

PRESS RELEASE No. 30

Covid-19 vaccination available at Barum rally, no registration needed

The visitors of the jubilee 50th edition of the Barum Czech Rally Zlín can take the advantage of being vaccinated against the covid-19 during the competition weekend. No registration is going to be needed which will make the whole process fast and easy. The movable vaccination team is going to be ready from 27th to 29th August in Zlín and Otrokovice.

People can choose out of two vaccines – either the Janssen vaccine provided by the Johnson & Johnson company (with just one dose needed), or the Comirnaty vaccine produced by the Pfizer/BioNTech company (a second dose will be needed in this case). **“There is also going to be a paediatrician as a part of the team so even the vaccination of children over twelve will be available,”** stated the Governor of the Zlín region Radim Holíš.

So far, 583 534 vaccines have been used within the Zlín region and 291 739 people have finished their vaccination process. The vaccination of interested children over twelve years against covid-19 is possible.

Timetable of vaccination at the Barum rally:

Friday 27th August

Where: T. Baťa avenue 21 (near the skyscraper entrance)

When: from 14:00 to 18:00, further according to interest
