BARUM CZECH RALLY ZLÍN

## PRESS RELEASE no. 26

### Czech Television offering live broadcasts from Barum rally

Barum Czech Rally Zlín has long enjoyed high interest from Czech and foreign media. Thanks to this interest, photographers' images and TV broadcasts from Zlín go worldwide, not only to rally fans. The promoter of the FIA European Rally Championship plays a leading role in this respect through its paid platform WRC+ All Live. This year, the public broadcaster Czech Television will also offer a large portion of broadcasts.

If you're not going down to the stages, you'll be delighted to know that Czech Television has managed to provide enough space for live broadcasts from the Barum rally. After years, we will hear the most popular Czech rally again with Czech commentary. **"Czech Television has managed to negotiate four hours of live streaming with the promoter. Czech fans will see and hear Czech commentary from Friday's city special stage, followed by SS 6 Kateřinice and SS 7 Troják on Saturday. On Sunday, fans will see the second passing of the legendary Pindula section,"** specified Ing. Jan Regner, Clerk of the Course of Barum Czech Rally Zlín.

The live broadcasts will be hosted by ČT Sport with Jiří Zíta and rally expert Petr Eliáš behind the commentary desk. Both well-known faces need no more introduction as they are experienced hosts of many motorsport programmes. You can look forward to high quality information, combined with backstage details from the rally. Czech Television will also offer several live commented reports from Friday to Sunday.

If you are interested in rally or its establishment in detail, do not miss the programme Rally Behind the Curtain. In five episodes, you will learn how challenging it is to organize a competition at European level and what the event organiser has to arrange for the main players in the racing vehicles, but also for the fans of this beautiful sport. Martin Vichnar will guide you through the programme. If you miss anything from the broadcast, do not be sad, you can find the complete broadcast of Czech Television in the video archive iVysílání.cz.
